At Orthopaedic Specialists of Charleston, our board certified doctors and fellowship trained specialists offer complete care for your orthopaedic needs, including the full range of muscular / skeletal issues resulting from disease or injury to bones, ligaments, joints, muscles, tendons and nerves. Our team of experienced professionals provides quality medical care through each stage of your life.

We accept most insurances, and the fees charged in our office are the usual and customary for our specialty. **If you do not have medical insurance, a minimum payment of \$50.00 is required at the time of check-in for each office visit. If you are unable to make the minimum payment, we will be happy to reschedule your office visit for another date and time.** Exceptions may occur if you have an urgent or emergent need for orthopedic care.

For your convenience, payments for office visits may be made by cash, check or credit card. If you are experiencing a financial hardship, you may qualify for coverage under the Roper St. Francis Healthcare Financial Assistance Program. Please ask one of our office staff for more information or contact the Customer Service Department at (843) 402-5200 or (800) 242-9990. The "Request for Financial Assistance" paperwork is enclosed for your convenience. Please note that while your application is being processed, you are still responsible for your insurance co-pay or the \$50.00 minimum payment (for self-pay patients) for each office visit.

To expedite your visit, please complete the enclosed forms and bring them with you when you come in for your appointment. Also, please bring the following:

- Photo ID
- Insurance card
- Medications or medications list, including the dosage
- Any previous x-rays, MRI's, or other imaging studies that you have had
- If you have been seen by an orthopaedic doctor for your condition in the past, please make arrangements to have the records sent to our office before your appointment

We look forward to providing you with the highest quality of orthopaedic care available anywhere. We use the most advanced medical equipment and the most modern and effective medical surgical treatment procedures. We are proud to be the Lowcountry leader in contemporary orthopaedic care and we are delighted that you have chosen us –

THANK YOU!!
